

Critical Thinking in Business

MGMT-3300

Section Template 01/01/2021 to 12/31/2025 Modified 02/16/2024

Description

This course will introduce students to basic concepts and tools that improve the students' analytical skills by familiarizing them with the basic principles involved in the theory and practice of critical thinking for reasoned decision-making. Students will use data visualization software such as Tableau that can help them find real answers in their data. The basics of professional business communication will be introduced and students will have the opportunity to write business documents.
